

Oswego County Teacher Center
WORKSHOP PROPOSAL APPLICATION

The Oswego County Teacher Center (OCTC) believes in the diverse talents and skills of our area educators. Therefore, we are providing this Workshop Proposal Application for educators within our consortium. Through this form, teachers may identify their field of expertise and indicate ways in which they would be willing to share that with others through OCTC workshops.

As education is a most dynamic field, there is much to offer and gain from educator to educator Professional Development opportunities. If you are interested in developing an idea to share with other OCTC participants, please fill out the following form. Please attach a resume or vita, as well as a course outline and return to:
