

## Oswego BOCES School Library System

### Section 3. Description of Member Input on Policies

#### A. Briefly describe the role of members in advising the board or council.

Members have represented their districts on the SLS Liaison and Council committees. Members have an open line of communication to the Director and offer feedback continuously throughout the year.

#### B. Describe the role of member advisory groups, special purpose groups or Meeting, such as those for developing federal and state grant proposals, Director's advisory groups as appropriate to your type of library system or other type of advisory groups required in Education Law or Regulations of the Commissioner.

The School Library System Council is the governing body of the School Library System. Both School Library System Council and School Library System Liaison members:

- ◆ Represent their school or school district and its participating libraries in School Library System matters.
- ◆ Communicate information and opinions from the districts to the School Library System.
- ◆ Serve as the gatekeepers and distribute information from the School Library System back to the School District.
- ◆ Work to enforce the goals identified in the Plan of Service.
