

# Makin' Movies

Come join us for this fun, creative,  
educational learning experience  
presented by Model Schools

July 16 - learn about digital storytelling, see examples, and a demonstration of *Movie Maker* and *Photo Story*, showing pros & cons, of each demonstrate how to use flip cameras. You will be sent home with a storytelling assignment.

July 23 - We will re-group with your images and/or video's and get to work creating a digital story in the software of their choice.

LIMITED TO 10 PEOPLE

LIBRARIAN PARTICIPANTS WILL RECEIVE A FLIP CAMERA.

WHERE: Oswego BOCES Computer Lab

COST: There is no charge for this workshop, but registration is required.
